Villages plan is shortlisted for award

Tipperary County Council has been shortlisted for the 'Design and Best Practice Guidelines for Cluster Housing Schemes in Rural Villages' project in the Irish Planning Institute's planning awards.

The Irish Planning Institute seeks, through the awards, to highlight innovation and excellence in Irish planning.

The Awards acknowledge a diverse range of projects and plans nationally taking place at a local, county and regional level in complex and dynamic environments.

There has been a significant increase in the quantity and quality of projects submitted for consideration.

In total, the panel of judges have shortlisted 34 projects across seven categories from a total entry of 56 projects.

Tipperary County Council has been shortlisted in the Plan Making category for plans representing the best of the art and science of spatial planning.

This can include plans, projects and strategies and the innovative use of technology in such plans.
